Enc. 2

Office of the Sanitary Commissioner
with the Government of Mysore,

Bangalore, dated the 24th July 1923

V-VH-23-1.

From

B. MAHOMED USMON, ESQ., L.M.& S.,
Sanitary Commissioner in Mysore,
B A N G A L O R E.

25 JUL 1923

To

K. MATTHAN, ESQ., B.A.,
Chief Secretary to Government,
B A N G A L O R E.

Sir,

With reference to para 2 (3) of Government Order No. 163-76/ C.B. 16-23-1 dated the 16th July 1923, I have the honor to forward herewith, for the approval of Government, a draft set of rules to regulate the sanitary arrangements to be made at the Viceregal Camps. The Private Secretary to His Highness the Maharaja of Mysore was consulted as to the suitability of the proposed rules and a copy of his D.O. letter dated the 21st July 1923 on the subject is enclosed.

2. I would further request sanction of Government being kindly obtained for the posting of Mr. S. Varadiengar, Assistant Surgeon now attached to the Clinical Laboratory of the Victoria Hospital, as Medical and Sanitary Officer on special duty at the Shooting Camp. He will join his duties at the Camp three weeks or one month prior to the date of the Viceregal Visit. Until then the Chief Sanitary Inspector will be in charge of the current duties connected with the sanitary arrangements, under the orders of the Deputy Commissioner.

3. Estimates of cost of the sanitary arrangements will be submitted as soon as certain information called for from the Health Officer, Mysore City, and the District Medical Officer, Mysore District is

P

Letter dated the 21st July 1923 from the Private Secretary to His Highness the Maharaja of Mysore, to the Sanitary Commissioner in Mysore, Bangalore.

Thanks for your letter of the 20th July, and the copy of rules you propose to issue in connection with the sanitary arrangements to be made at the Viceregal Camps. The memo seems pretty exhaustive and I have no suggestions to offer.

" C O P Y "

Offg. Sanitary Commissioner.

Appendix A

G

MEMORANDUM OF SANITARY ARRANGEMENTS IN CONNECTION WITH THE FORTHCOMING VISIT OF HIS EXCELLENCY THE VICEROY

--:o:--

GOVERNMENT HOUSE, MYSORE

The Health Officer, Mysore City assisted by the Chief Sanitary Inspector of the Municipality will be in entire charge of the sanitary arrangements under the general directions of the Private Secretary to His Highness the Maharaja and the Sanitary Commissioner.

2. The following staff will be detailed exclusively for the arrangements connected with the Government House and its surroundings :-

(a) 2 Sanitary Inspectors.
(b) 20 Sweepers (10 males and 10 females).
(c) 4 Conservancy Maistries.

NOTE:- Only a dozen of the sweepers, 6 men and 6 women need be provided with suitable clean dress at Government cost.

EQUIPMENT.

3. The conservancy equipment will consist of :-

(a) 4 Hand Carts.
(b) 4 Rubbish Carts.
(c) 4 Night-soil Carts.
(d) 12 Dust-bins with covers.
(e) 30 Buckets.
(f) Necessary brooms, crow bars, pick-axes &c.

WATER-SUPPLY.

4. The candles of the filters will be properly sterilised under the Health Officer's personal direction and supervision. Bi-weekly bacteriological examination of water drawn from all the taps in the Government House proper, kitchen and compound will be undertaken by the Health Officer in the Laboratory attached to the Health Office and results furnished to the Private Secretary to His Highness the Maharaja and to the Sanitary Commissioner. All water to be boiled after filtering and before use for all purposes.

19

All aerated waters to be at least seven days old before use.

ARTICLES OF FOOD

5. The Health Officer will carefully inspect all vegetables, meat, game, fish, poultry and tinned provisions. He shall also see that cooks and attendants in the kitchen wash their hands first in a solution of permanganate of potash and then with soap. He will be personally responsible to ensure by frequent supervision, that scrupulous cleanliness is maintained in the kitchen and its surroundings.

MILK SUPPLY.

6. A permanent shed should be provided for milking cows. The accommodation should be at least for six cows. The sides of the shed to be made fly proof and the floor impervious by cement concrete instead of cuddapa slabs to prevent cows from slipping. The milkers and others likely to come in contact with the food of His Excellency the Viceroy and his Entourage will be examined for carriers of cholera and typhoid and will be vaccinated and inoculated against cholera and enteric (T.A.B.). Only healthy cows should be selected after applying the tuberculin test to each cow. The vessels used in milking should be of aluminium and should be carefully sterilised before use under the personal supervision of the Health Officer. Potassium Permanganate solution or Boric lotion to be used for milkers' hands and cows' udders. Milk steriliser (Gnome pattern) will be used.

STABLES.

7. Special precautions should be taken to keep the stables scrupulously clean and get them thoroughly aired and dry.

FLY NUISANCE.

8. All stable litter and other decomposing organic matter will be arranged to be collected and carted away to a safe distance beyond the Government House premises. Fly papers (tangle foot) will be used freely in the whole building before the Viceregal Visit, and thereafter will continue to be

(11

be used in the kitchen and pantry.

PRECAUTIONS AGAINST MOSQUITOES.

9. The Superintendent, Government House will be requested to arrange for emptying all water cisterns twice a week regularly and for preserving absolute water tidiness on the premises and out-houses. The Health Officer will arrange to carry out anti-mosquito operations within a radius of half-a-mile from the Government House. He will suitably deal with all actual and potential breeding grounds of mosquitoes

PRECAUTIONS AGAINST EPIDEMICS.

10. To secure freedom from rats and other rodents the Superintendent of the Government House will be requested to render the likely nooks and corners rodent proof. Trapping will be resorted to and vigorous anti-rat campaign carried out. The dwellings skirting Government House compound will receive similar attention by the Health Officer.

As a precaution against small-pox all unprotected persons among the staff of the Government House and its neighbourhood will be vaccinated by the Health Officer.

SUPPLY OF DISINFECTANTS.

11. A liberal supply of disinfecting powder and fluid will be stocked on the premises by the Health Officer for cleansing latrines, urinals &c. Only reliable Maistries will be placed in charge of latrines and urinals used by the Indian Staff.

12. The expenditure incurred on account of the above arrangements to be made in the Government House will be met out of State funds, by a lumpsum allotment.

ARRANGEMENTS AT THE SHOOTING CAMP.

13. A special Officer of the rank and status of an Assistant Surgeon who has had training in Sanitary Science and Bacteriology will be placed on special duty in connection with the sanitary arrangements to be made at the Shooting Camp and

(12

and enroute, under the orders of the Deputy Commissioner and the Sanitary Commissioner. He will be assisted by a Sub Assistant Surgeon for conducting daily examination of water supplies at the Shooting Camp and other incidental bacteriological tests.

As in previous years the necessary conservancy staff consisting of 4 Sanitary Inspectors, 2 Overseers, 4 Maistries 36 Sweepers and 24 Scavengers will be posted for work at the Shooting Camp.

The following additional rules will be observed :-

i. The Special Medical and Sanitary Officer will arrange for systematic itineration by one of the Sanitary Inspectors of all the villages within a radius of 5 miles from the Shooting Camp, for adopting proper conservancy in the villages and with a view to make enquiries to ascertain the cause of every death occurring in the area.

ii. He will see to the vaccination of every child which is not protected against small-pox in the villages.

iii. He will report immediately to the Deputy Commissioner and the Sanitary Commissioner the occurrence of any case of infectious diseases in the villages.

iv. He will adopt timely and suitable preventive measures should there be any out-break of any communicable disease.

v. He will carry out hankinization of the drinking water supply in the villages periodically once a week a month previous to the Viceregal Visit, as a prevention against cholera, and will exercise sufficient supervision over the labour employed in the Camp.

14. The sanitary arrangements for latrines and urinals at the Camp, used by Indians will be as under :-

To ensure no smell and no flies; all latrines must be cleaned twice a day and pans well washed quite clean with water before the pan is put back. Thoroughly swab the pan out with a rag dipped in phenyle lotion. The whole frame work of the latrine to be similarly treated twice a week and the squatting plates twice daily as with the pans. Cement floors to be washed daily with a disinfectant.

Urinals:- Urinals be made of metal pipes with funnel heads standing in pits six feet in diameter, six feet deep and filled with stones of rubble with a layer four inches deep of lime-soaked earth on top.

Temporary latrines should be to leeward of camp not more than 200 yards away at the outside.

Permanent latrines as near as conveniently possible.

Urinals-at-convenein

(13

Urinals at convenient places close by.

15. Sufficient quantities of disinfectants and necessary appliances will be maintained by the Special Officer at the Camp for emergencies and for cleansing purposes.

16. The Director, Public Health Institute, Bangalore will be requested to make available the required laboratory appliances and articles, including the microscope to the Special Officer for equipping a small laboratory at the Camp.

17. The Inspector-General of Police in Mysore will be requested to arrange for a police guard being placed at all hours over the river skirting the Camps to prevent possible contamination of water and pollution by the coolies and labourers.

18. Special attention will be devoted to have all night-soil, kitchen refuse and other decaying matter collected and carted away to a safe distance from the Camp and incinerated in the presence and under the supervision of a Sanitary Inspector.

19. "Conji" water from the Palace Camp "Bidadis" will be arranged to be collected daily and removed to a distance and buried in pits.

20. Waste water stagnating at stand pipes will be systematically drained.

21. The Chief Sanitary Inspector will also be posted for duty under the Special Officer.

ARRANGEMENTS IN THE CITIES OF BANGALORE AND MYSORE

22. As usual the respective Municipalities will arrange to keep in a sanitary condition the places round about the Residency grounds and Government House as is the case which lie within the City limits.

(14

The routes to be taken by the Viceregal party will be kept clean and tidy In the Mysore City the Health Officer will see to the removal of unnecessary weeds, moss &c., in the"Doddakere tank"and in the "Jeevanrayankatte" and these tanks or resorvoirs thoroughly conserved toprevent the nuisance caused by "Lake-flies".

The cost connected with the above arrangements will be defrayed by the Municipalities concerned.

Issues instructions re: the———to be made in connection with the visit of H. E. the Viceroy.

Read:—

Letter No. C. 34-2 dated the 24th July 1923 from the Sanitary Commissioner in Mysore forwarding for approval a memo of sanitary arrangements to be made in connection with the visit of His Excellency the Viceroy and requesting sanction to the posting of a Medical and Sanitary Officer on a special duty at the shooting camp.

ORDER No. 367-77/C. B. 16-23-16 DATED THE 2ND AUGUST 1923.

The proposals of the Sanitary Commissioner in regard to the sanitary arrangements to be made in connection with the visit of His Excellency the Viceroy are approved as shown in Appendix A to this order.

2. Mr. S. Varadiengar, L. M. S., Assistant Surgeon, now attached to the clinical laboratory of the Victoria Hospital, Bangalore, will be posted as Medical and Sanitary Officer on Special duty at the shooting camp. The Senior Surgeon is requested to ask Mr. Varadiengar to join his duties at the camp one month prior to the date of the Viceregal visit. Till then, the Chief Sanitary Inspector, Mysore District, will be in charge of the current duties connected with the sanitary arrangements under the orders of the Deputy Commissioner, Mysore District.

3. The estimates of the cost of Sanitary arrangements are awaited.

T. E. JEYARAMA IYER,
Offg. Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore.
The Private Secretary to His Highness the Maharaja.
The Huzur Secretary to His Highness the Maharaja.
The Inspector General of Police in Mysore.
The Senior Surgeon in Mysore.
The Conservator of Forests in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Mysore and Bangalore Districts.

Offg. Sanitary Commissioner with the Government of
H. H. the Maharaja of Mysore, BANGALORE.

To

K. Matthan, Esq., B.A.,
Chief Secretary to Government,
BANGALORE

Sir

I have the honor to suggest that Mr. G.M. Dominick Senior Assistant Director, Public Health Institute may exclusively kindly be deputed/for the systematic daily examination of the water supply at the Shooting Camp at Karapur commencing at least ten days prior to the Visit of His Exeellency the Viceroy. He will, of course, receive assistance from the Sub Assistant Surgeon who will be on duty there (vide para 13 of the rules submitted with this office No. C.34-2 dated the 24th July 1923) but the main responsibility in this important matter of examining and reporting upon the water should be vested in an Officer of sufficient standing/and experence status. I request early orders of Government on this suggestion.

I have the honor to be,

Your most obedient servant,

B Usmon

Offg. Sanitary Commissioner.

K. MATTHAN,
Chief Secretary to Government,
B A N G A L O R E.

Sir

With reference to para 3 of Government Order No. 367-77/C.B. 16-23-16 dated the 2nd August 1923, I have the honor to submit herewith for the approval of Government an estimate amounting to Rs.3,000/- on account of the cost of the sanitary arrangements in connection with the Viceregal Visit

2. The amounts required for the arrangements at the Shooting Camp will be drawn on A.C. bills from time to time either by the Deputy Commissioner, Mysore District, or by the Special Medical and Sanitary Officer, the bills in the latter case being countersigned by the Deputy Commissioner.

I have the honor to be,

Sir,

Your most obedient servant,

B Mahomed
